My Little Brother Is Taller Than Me!

我弟弟比我高了！

Dear Diary, Today was Grandpa's birthday, and our whole family took a photo together. When I saw the photo, I was surprised. My little brother Kevin is now taller than me! Two years ago, he was a short, chubby boy with a round face. Now he is tall and slim, and his face looks quite handsome.

I am still the same. I have short hair, a small nose, and I am a little thin. My mom says I am cute, but I want to look cool, not cute! Kevin laughed and said, "Don't worry. You are still the pretty one in the family." Sometimes he is really nice.

Grandpa looked at the photo and smiled. He is eighty years old, but his eyes are bright and young. He said, "Tall or short, fat or thin, you are all beautiful to me." I think he is right. Looks change, but family love does not. Good night, Diary!
