How to Make a Yummy Egg Sandwich

如何做出美味的蛋三明治

Are you hungry after school? Here is an easy way to make a yummy egg sandwich. You only need bread, two eggs, and a few things from the kitchen. The whole thing takes about ten minutes.

First, heat a little oil in a pan. Break the eggs into it and add a bit of salt and pepper. Do not use too much salt, or the eggs will taste too strong. Next, spread some butter on two pieces of bread. If you like a sweet taste, add a thin layer of jam. If you like a sour taste, put a few drops of vinegar in the eggs. Many kids also love ketchup, but my mom says a small amount is enough.

Finally, put the eggs between the bread and cut it in half. Eat it while it is still hot. It is delicious with a glass of milk, and you will not feel thirsty. One sandwich usually makes me full, but my brother always eats two. Try it this weekend and share it with your family!
