Our Class Hobby Survey

我們班的嗜好調查

Last week, our class did a survey about hobbies. We asked all thirty students the same question: 'What do you do in your free time?' The answers were fun, and some were surprising. Here is what we found.

Music was the most popular hobby. Eight students play an instrument. Four play the piano, two play the guitar, and one girl plays the violin. Sam plays the drums in a band with his cousins. Sports came next. Six students swim or jog on weekends, and three go hiking with their parents. Two boys said their hobby is computer games, but they lose a lot and do not want to be losers, so they practice every night!

Some hobbies were special. Emily collects stamps from different countries. Jack can sail a small boat at the beach near his grandpa's house. Amy loves to draw cartoons, and her comics are famous in our class. I like reading novels and doing puzzles. What is your hobby? Everyone needs one. It makes life more colorful.
