# Our New Apartment

我們的新公寓

Last month, my family moved into a new apartment in Banqiao. It is on the fifth floor of a tall building. When I first opened the door, I was so excited. The living room is big and bright, and the kitchen is right next to it. There is a small balcony, too. My mom put some flowers there.

My bedroom is at the end of the hall. It has a large window, so I can see the park every morning. The walls are light blue, and the ceiling is white. My little brother's room is upstairs, and the bathroom is downstairs. We often run up and down the stairs. Dad says we are too noisy!

I miss our old house a little. It had a yard and a garden, and my dog could play behind the fence. But the new apartment is close to the MRT station. Now I can get to school in ten minutes. I think I will love my new home.
