A Postcard from Tainan

來自台南的明信片

Hi Peter, Greetings from Tainan! I am here with my family for three days. This city is very different from Taipei. There is no MRT, but the streets are full of old temples and small shops. Our hotel is downtown, near a big park.

Yesterday morning, we visited a famous temple and a museum about the history of the city. In the afternoon, we went to a market and tried three kinds of local food. My sister bought a cake at a bakery near the market. It was the best cake I have ever eaten!

Today we will go to the beach in the morning. Then Mom wants to visit a department store. Dad wants to see a farm in a small village near the city. Tomorrow we will drive back to Taipei. I will bring you some candy from a famous local shop. See you at school! Your friend, Emily
